Whoever said that money can't buy happiness, simply didn't know where to go shopping.

What's my style is not your style, and I don't see how you can define it.  
It's something that expresses who you are in your own way.

Fashion fades, only style remains the same

Luxury is the ease  
of a KURTI in a very expensive dress.

Elegance is not standing out, but being remembered.

Fashion you can buy, but style you possess.  
The key to style is learning who you are, which takes years.  
There's no how-to road map to style. It's about self expression and, above all, attitude.
