OCCASION

are certain styles of women apparels that  
are more popular than the others

From the fashion archives to current trend reports, the one constant factor is the influence of certain countries and ethnicities in designer collection.

*Timeless  
Glamour*

Next time you  
think of wonderful  
things please dont forget  
to think of  
yourself....

A woman with dark hair tied back is standing in a rustic, wooden interior. She is wearing a black long-sleeved kurta with red and white floral embroidery on the chest and sleeves, and red wide-leg pants with black and white floral patterns. She is also wearing light-colored high-heeled shoes. The background features a wooden wall with a ladder-like structure and a window with white floral patterns.

Whatever you  
wear....  
always  
dress to kill.
